#### Content

All names, terms, signs and graphics used here can be brand names or trademarks in the possession of their legal owners. The author reserves the right not to be responsible for the topicality, correctness, completeness or quality of the information provided. Liability claims against the author, which refer to material or immaterial nature caused by use or disuse of the information or the use of incorrect or incomplete information, are generally excluded, unless the author is not intentional or grossly negligent fault.

All offers are subject to change and non-binding. The author expressly reserves the right to change, supplement or delete parts of the pages or the entire offer without separate announcement or to discontinue the publication temporarily or permanently.

#### References and links

In the case of direct or indirect references to external websites ("hyperlinks"), which are outside the author's area of responsibility, a liability obligation would only come into effect if the author is aware of the contents and it would be technically possible and reasonable for him to prevent the use of illegal contents.

The author hereby expressly declares that at the time the links were created, no illegal content was discernible on the linked pages. The author has no influence on the current and future design, content or authorship of the linked pages. Therefore, he hereby expressly distances himself from all contents of all linked/connected pages that were changed after the link was set. This statement applies to all links and references set within the author's own Internet offer as well as to external entries in guest books, discussion forums, link directories, mailing lists and all other forms of databases set up by the author, to whose content external write access is possible. For illegal, incorrect or incomplete contents and in particular for damages resulting from the use or non-use of such information, the provider of the page to which reference is made shall be solely liable, not the person who merely refers to the respective publication via links.

#### Copyright and trademark law

The author endeavours to observe the copyrights of the images, graphics, sound documents, video sequences and texts used in all publications, to use images, graphics, sound documents, video sequences and texts created by himself or to use licence-free graphics, sound documents, video sequences and texts. Some of the images used originate from image databases, the rights to these images were acquired.

All brand names and trademarks mentioned within the Internet offer and, if applicable, protected by third parties are subject without restriction to the provisions of the respective valid trademark law and the ownership rights of the respective registered owners. The mere mention of a trademark does not imply that it is not protected by the rights of third parties!

The copyright for published objects created by the author himself remains solely with the author of the pages. Any duplication or use of objects such as diagrams, sounds or texts in other electronic or printed publications is not permitted without the author's agreement.

#### Legal validity of this disclaimer

This disclaimer is to be regarded as part of the internet publication which you were referred from. If sections or individual terms of this statement are not legal or correct, the content or validity of the other parts remain uninfluenced by this fact.
